ROBERT WILSON BOUND OVER ON CHARGE OF MANSLAUGHTER FOR KILLING CHAS. LUTHER

A Number of Witnesses Testify for the State Telling What They Knew of Sad Tragedy

DEFENSE'S WITNESSES WERE NOT CALLED

As Prosecutor Fitzgibbon Said to the Court That He Did Not Expect to Prove Premeditation, But Unlawful Killing--Wilson May Give \$5000 Bond Saturday.

Robert Wilson, charged with being responsible for the death of Charles Luther, whom he struck in a saloon brawl, had his hearing in the mayor's court Friday morning and was bound over to the grand jury in the sum of \$5,000. Premeditated murder was not shown, and he will be tried for manslaughter.

The preliminary hearing was held in police court Friday morning before Mayor McCleery, and during the entire course of the hearing the defense had the best of it. No one was found who saw the blow struck, the most damaging testimony against Wilson being his own story in which he admitted striking the blow that felled Charles Luther.

The hearing was held immediately after the usual session of police court, and the room was crowded with spectators. Their division not being large enough to hold them they were allowed inside the railing.

Immediately after Wilson was brought into the court room from the county jail, he entered into conversation with one of his attorneys, Phil B. Smythe. When the indictment was read by the mayor charging him with the murder of Charles Luther, his attorney, Mr. Smythe, pleaded "Not guilty" for him. Immediately after the reading of the indictment and the plea of not guilty, the witnesses for the state were called and sworn.

Wilson sat quietly in his chair beside his attorneys and spoke pleasantly to his counsel and to the reporters. At the same table, on the opposite side, sat Prosecutor Fitzgibbon and Court Stenographer Cooper.

The first witness called by the state was John Pryor, bartender in the George saloon the night of the fight.

John Pryor.
Lives at 260 Lawrence street, is a plumber by trade but is now acting as a bartender for Dennis George. Knows Wilson and knew Luther. Saw them in the saloon the night of October 2. Luther came in and went out again with Orin Crown. He came in again about 11:40 that same night. Was at the bar with Crown, Wilson, Cosgrove and a man from Cincinnati; thinks his name was Ramsey and that he was a railroad engineer. When Luther came into the saloon he acknowledged telephoning to him. Crown asked Luther to have a drink with him, but Luther after drinking a glass of beer, insisted on paying for the round. He then asked Crown to take a walk. The second time Luther came into the saloon he walked to the end of the bar, took a drink and then walked behind the bar to start the phonograph. Ed Dayton made some remark that the others did not hear, but that Luther evidently didn't like, because he laid the record for the phonograph down and walking around the bar grabbed Dayton by the coat lapels.

Pryor paid no attention to the men and as a result did not hear any argument. The only words of the argument that he heard was that Luther wanted some one to fight Dayton. He heard the sound of a falling body and rushed around the bar to pick Luther up from the floor. He noticed Wilson walk out and that was the last time he saw him until in court this morning. There the story of Pryor agrees with the published statement of his that appeared in the Advocate. Additional information from him was that Luther was unconscious.

The cross examination of Pryor showed that Luther was drunk at the time of the trouble, and that when over he was under the influence of liquor he was inclined to be quarrelsome. He has been well acquainted with him for 12 or 15 years.

When questioned as to the location of the bench on which Luther was placed after carrying him from the saloon, he told in detail of the little shed in the rear of the saloon proper, and said beside that the shed also contained a bucket with a patent iron attachment to ring water from a mop, a mop and a sheet iron urinal.

Carey Molter.
Carey Molter, fireman on the B. & O., residing at 123 Buena Vista street, was next called. He had known Wilson for about three years. He had been to a show with a man by the name of Ormsdorf and they went to the saloon afterward and bought a glass of beer. He said that in the saloon at the time were Luther, Wilson, Cosgrove, Dayton, Crown, Clancy and a stranger.

When he first entered the saloon Luther was at the graphophone, but later he noticed him talking to Dayton. Did not hear any of the conversation. He was standing at the bar, but did not notice the fight. He heard Luther fall and looked around in time to see Wilson walk out. Wilson did not say anything that he heard. He did not remember making the remark, "Bob should not have done that." He was excused without being cross examined.

Oren Crown.
He lives at 35 Leroy street. Had known Wilson about seven years and was acquainted with Luther about 12 years. He was in the saloon about two hours the night of the trouble, and saw both the principals in there. Did not notice to whom Luther was talking. When he heard the sound of the blow he turned and saw Luther fall on his back with his feet toward the bar. His story was badly mixed as to whether Luther fell on his back or on his face, but finally decided that it was the former.

Luther was unconscious and later he went to the home of Luther's brother, and attempted to waken him (Charles) but was unable to do so. He saw Dayton and Cosgrove rubbing his body as he lay on the bench. He was in the saloon when Luther came in and later went out and came back with him. He did not hear any argument and did not see Luther grab Dayton.

Harvey Scott.
He is a reporter and has worked

for about ten months. He simply related his interview with Wilson in the city prison after his arrest.

Dr. P. H. Cosner.
Dr. Cosner said that he assisted Dr. Smith in the post mortem examination over the body of Charles Luther. The examination was made in the undertaking rooms of Criss Bros. & Jones, and besides himself, Drs. Ragsdale, Wiliarch, and Smith were present. He repeated the story of the examination that appeared in the Advocate. Found the temporal muscle filled with blood. Opened skull and found a depression of the skull that had punctured the brain and formed a blood clot. The blood clot was removed and the fractured skull examined. There was a hole in the skull large enough to insert the middle finger of the hand in, and the piece of bone that was removed was taken out by the fingers and not by any instrument, showing how large the hole was. Another blood clot was found at the base of the skull.

In a case like this the pupils of the eyes would dilate, not both of them, but the one on the side of the skull where the fracture was, especially. The death of Charles Luther was caused by the forming of a blood clot on the brain. His skull was fractured above and a little to the front of the ear. At this point the skull is very thin. When asked whether a blow from a person's fist would cause the fracture, he answered that it would have to be a very powerful one.

On the cross examination for the defense he stated that the hole in the skull was very ragged. The skull of Luther was normal; and the bones healthy. This is the first time he ever heard of a skull being fractured by the blow from a fist. In his opinion an ordinary man could not strike a blow hard enough to fracture a skull. Trepanning might have relieved the pressure on the brain, but the result would be doubtful as there was a continual hemorrhage. The continual unconsciousness probably resulted from the blow and the pressure of the blood clot on the brain. Did not notice any bruises on Luther's jaw.

Charles Swank.
Mr. Swank, the turnkey at the city prison, was on duty the night that Wilson gave himself up to the law. Only had a few words with him, but during the conversation Wilson said that he broke the bone in his hand when he struck Luther.

Dr. R. T. Ragsdale.
Dr. Ragsdale is the manager of the Newark Sanitarium, and was at the hospital when Luther was brought there in the ambulance on Thursday morning at 11 o'clock. He was carried to one of the east rooms, where he died that night at 10:58. He was in an unconscious condition during his entire stay in the hospital. He did not see any marks or bruises on his face. Dr. D. M. Smith was in attendance.

State and Defense Rest.
After the cross examination of Dr. Ragsdale Prosecutor Fitzgibbon told the court that the state would rest its case.

After a short consultation with Wilson, Mr. Phil Smythe arose and said the defense would also rest its case. In summing up his case, Mr. Smythe mentioned that the state had not produced a witness that saw the blow struck. That the mayor in deciding the case must take all evidence into consideration. "You must take all the evidence into consideration, not the favorable nor that that is not favorable. A man has a right to meet force with force. I consider that the state has absolutely failed in the effort to show that Luther met his death through Wilson. We know that it is impossible for you to discharge Wilson, but we ask you to be conservative in fixing the amount of his bond. You can't bind him over to the grand jury on any charge more serious than that of manslaughter. Take into consideration the testimony and the fact that he gave himself up to the officers when you make your decision."

Prosecutor's Statement.
In part Prosecutor Fitzgibbon said: "There has been enough testimony introduced to warrant you binding him over to the grand jury on either second degree murder or manslaughter charges. I don't think that there is any premeditation shown but Wilson injected himself into the quarrel and is to blame. He has made statements against his own interests and there is no stronger evidence in law. Human life should not be held too cheaply. This young man has been murdered, and your honor is the executive to enforce the law."

Bail Fixed.
Mayor McCleery said in binding Wilson to the grand jury: "I find sufficient evidence to bind you to the court of Common Pleas in the sum of \$5,000. In default of bail you are committed to jail."

Will Furnish Bond.
The attorneys for Wilson said that he would furnish the bond required either this afternoon or Saturday. After the adjournment Wilson was returned to the county jail in the patrol in charge of Wagonman Brooks and Officer Zerbiegel.

"I'M GLAD THE END IS NEAR" HER LAST WORDS

CASSIE CHADWICK, "WITCH OF FINANCE," DIED IN THE PENITENTIARY.

SHE MADE NO CONFESSION

Of Transactions Which Wrecked Banks, Ruined Homes and Dissipated Fortunes.

1857—Born in Eastwood, Ontario.
1879—Acquitted of forgery in Woodstock, Ontario, under the name of Elizabeth Bigley.
1882—Appeared in Cleveland as Mrs. Lydia Bigley, and began to borrow money.
1882—Married Dr. W. S. Springsteen in Cleveland.
1883—Reported dead and buried. Two months later, as Mme. La Rose, kept a clairvoyant resort in Cleveland.
October 3, 1883, sued for divorce by Springsteen.
1886—Lived in Cleveland as Mrs. Lydia D. Scott.
1887—As Lydia DeVere obtained \$18,075 by forgery in Toledo.
1890—Convicted of the Toledo forgery.
1890-92—A convict in the Ohio Penitentiary.
1894—As Mrs. C. L. Hoover lived in Cleveland with her five-year-old son.
1897—Wedded Dr. Leroy S. Chadwick in Cleveland.
1903—Borrowed thousands from the Oberlin National Bank.
1904—Sued by Banker Newton of Brookline, Mass., on notes.
1905—Convicted of conspiracy to loot the Oberlin bank.
1907—Died in Ohio Penitentiary at Columbus.

Columbus, O., Oct. 11.—Death has claimed Mrs. Cassie L. Chadwick, the woman whose financial operations astounded the country and culminated in the wrecking of the Oberlin bank. She died Thursday night at 10:15 o'clock in the hospital of the woman's ward at the Ohio penitentiary. Mrs. Chadwick had been in a comatose condition for some hours previous to her death, and the end came peacefully. No friends or relatives waited at her bedside, only the prison physician and hospital attendants. Her son, Emil Hoover, had been summoned from Cleveland, but arrived fifteen minutes after she had expired.

Two sisters, Mrs. S. M. York of Cleveland and Mrs. Weston of Windsor, Canada, were notified of Mrs. Chadwick's death, but neither has been heard from.

Mrs. Chadwick's body will be taken to Cleveland today by her son. She embraced the Catholic faith and was baptized a few days before her death.

It was frequently reported that Mrs. Chadwick had made a statement regarding her various financial transactions and it was expected that if such a statement had been made it would be given to the public after her death. The prison officials declared that she had never made any statement, so far as they were aware, and T. E. Powell, her attorney here, also declared she had never made any statement to his knowledge.

Mrs. Chadwick was received at the penitentiary Jan. 12, 1906, sentenced to 10 years imprisonment. At that time she was robust and apparently in good health. Her decline set in almost at once, however, and was continued steadily. Her last severe illness dated back about three weeks, when she collapsed during an interview with her son Emil Hoover. Since her incarceration she lost about 30 pounds in weight. The physicians say she was the victim of a total nervous collapse, described in medical science as neurasthenia, due to worry over her troubles and confinement. Mrs. Chadwick gave her age when she registered at the prison as 49.

From the hour that Cassie Chadwick passed through the portals into prison life she had chafed against her confinement. Restless and irritable from the beginning under restraint, she suppressed the anger that was gnawing at her heart and outwardly seemed resigned to her fate.

Even before she donned her gray convict garb she had begun a campaign for a pardon, devoting all of her great energy and resourceful nature to the last. Chary of her wiles, which secured her freedom when she was known as Lydia De Vere, the cautious prison officials declined to permit themselves to be used as cat-paws by this wonderful woman. Even her medical attendants refused to accept her symptoms of illness as genuine at the start, insisting that she was feigning in order to create sympathy.

She never permitted herself to be made a "peep show." She engaged as

MRS. CASSIE L. CHADWICK.

her attorneys General Thomas E. Powell and former Secretary of State Daniel J. Ryan, who made frequent visits to her cell. Both of these trained attorneys frequently testified to her native ability and executive energy. Disdaining the prison fare she secured permission to have her meals sent to her from one of the best restaurants in the city.

Some months ago she became convinced that her efforts to secure a parole or pardon would prove unavailing. There was a strong protest lodged with District Attorney John J. Sullivan, who so successfully prosecuted her, against any clemency as the part of the Department of Justice. With this knowledge came a weakening of the artificial strength that had sustained her. Robust and active when she was received, she began to fall. Within a short time she lost 30 pounds in weight. Her appetite left her and then she went to the prison hospital. The finger of death was upon her and now her guards realize that she comprehended it.

HARTJE OFFERS PRINCELY SUMS TO HIS WIFE

IF SHE WILL ONLY ADMIT THAT SHE IS GUILTY OF CRIME CHARGED.

EVERY MOVEMENT WATCHED

By Hired Detectives of Her Husband, She Stated in an Interview Yesterday.

Pittsburg, Oct. 11.—Mrs. Mary Scott Hartje, one of the principals in the Hartje divorce case, has been interviewed at her home in Ligonier. She said: "I am happy in the thought that nothing can ever force me to live with Augustus Hartje again. Does he expect me, innocent as I am, to admit that I am guilty? I would not think of such a thing if he were ready to give me every dollar of his fortune. Mr. Hartje has made four different offers of settlement since I have been at Ligonier. The last one was a positive offer of \$10,000 a year for the rest of my life."

The interview with Mrs. Hartje was obtained by a cousin of Mrs. Edward Vance, at whose home Mrs. Hartje is living. Continuing the interview, Mrs.

MRS. AUGUSTUS HARTJE.

Hartje said: "These efforts to get me to settle have been negotiated through persons hired by Mr. Hartje's lawyers. These same persons had been acting as detectives and watching my every movement in hopes of securing some evidence against me. The last offer was made to me only about two weeks ago and consisted of a positive offer of \$10,000 a year for the rest of my life." Mrs. Hartje further says when she was asked to leave her husband he asked if she was really going to leave him. "Most certainly I am," I answered. "Well it won't do you any good. You'll never get any of the money. I'll get the judges, I'll get the jury and I'll get the children." "I don't care much to what he said at the time, but it does seem, doesn't it, as though he were trying to buy everything within reach."

AN OPEN BOLT IS THREATENED IN NEW YORK

BECAUSE OF ACTION OF HERBERT PARSONS ROOSEVELT'S REPRESENTATIVE

IN FORCING FUSION TICKET

The O'Dell Wing of the Republican Party Will Vote Against Those on Fusion Ticket.

New York, Oct. 11.—Chairman Herbert Parson of the New York Republican county committee, personal representative in New York state of President Roosevelt, has the task of his career before him with a bolt in his party threatening. In was under the lash of his whip, and absolutely against the protests of a majority of the delegates to the county convention that a fusion ticket was named last night, the Republicans trading M. Linn Bruce, candidate for justice of the supreme court, for Maximilian Himsen for sheriff, and dividing subordinate places equally. Himsen is state chairman of the Independent league, W. R. Hearst's organization, and he it was that last year arranged the fusion with the Democrats that resulted in Hearst's heading the Democratic state ticket. The Independent league got the best of the bargain. The sheriff's office is worth \$62,000 yearly, while the supreme justice is worth but \$17,500. Today the O'Dell wing of the party threatens an open bolt. They declare they will vote for straight party men, even though they be Democrats and insist Parsons forced the fusion movement through declaring President Roosevelt wanted it.

Sunray Gas Heaters

THE GUARANTEED ODORLESS, NON-SWEATING AND THE MOST ECONOMICAL GAS HEATER OF THE AGE.

SUNRAYS are cemented in every joint and are air tight, therefore will never leak offensive odors, fumes or sweat into the room.

SUNRAYS Combustible Chamber is solid cast iron; no steel parts come in contact with the fire.

SUNRAYS have the greatest hot air circulating capacity of any stove made. SUNRAYS have the Shepards Crook mixing chamber in all burners, and adjustable mixer.

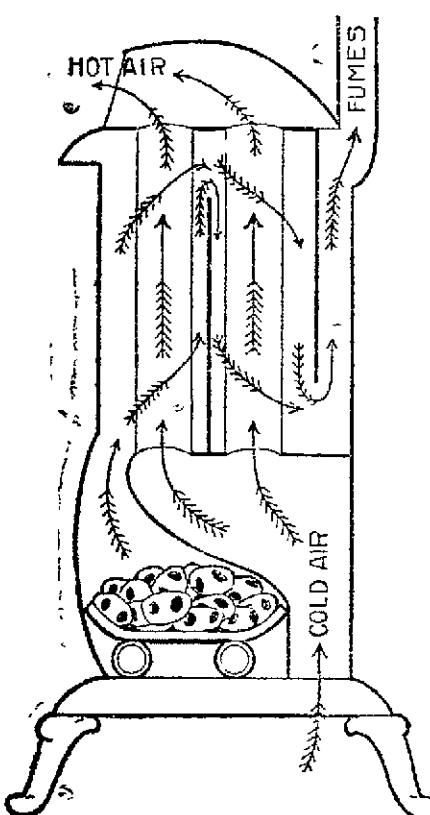

SUNRAYS have needle valves and changeable gas inlets, so they can be adjusted to any gas without trouble.

SUNRAYS will not make a dirty, black spot on the ceiling. They send the hot air out into the room, where it is needed to do the most good.

SUNRAYS warm the floor and the corners of the room by taking the cold air from the floor and heating it, then circulating it to the corners.

READ THE GUARANTEE.

The Sunray Principle is Correct

It needs but little study of the sectional cut here shown to satisfy you that this heater contains the three essential features to make a perfect gas heater.

FIRST—Combustion. It has a system of goose neck burners with adjustable air mixers that mix the air and gas properly, and then the combustion takes place in a basket of the finest porous clay gas fuel, which becomes intensely hot and a current of fresh air is passed through the hot mass, and thus a large amount of the oxygen of the air is consumed, producing a very hot fire, using the smallest possible amount of gas.

SECOND—Radiation. The entire outside body of the Sunray is active radiating surface, and as shown in cut, we add a number of circulating tubes directly over the fire in the hottest part of the stove, thus adding a large amount of radiating surface in close contact to the fire, the heat is then obliged to pass across and around the tubes five times before reaching the flue, thus it will be seen that the air in the circulating chamber over and back of the fire chamber and in the tubes becomes very hot

and then rises in a current of hot air in the room, at the same time drawing the cold air from the floor up under the stove into the heating chamber.

THIRD—Proper Vent. In order to dispose of the fumes and sweat that is in all natural gas, we pass the products of combustion across and around the tubes, thus retarding them until the heat is all absorbed, and they pass into the chimney just hot enough to prevent condensation in the pipes, and no fumes or sweat can get into the room, and the air is kept pure, sweet and dry, AND WE GIVE A POSITIVE GUARANTEE THAT THEY WILL NOT SWEAT.

GREW MISS CARROLL'S HAIR

AND WE CAN

PROVE IT

Beautiful Hair At Small Cost.

With the last decade great and rapid strides have been made in Materia Medica. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is planted, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

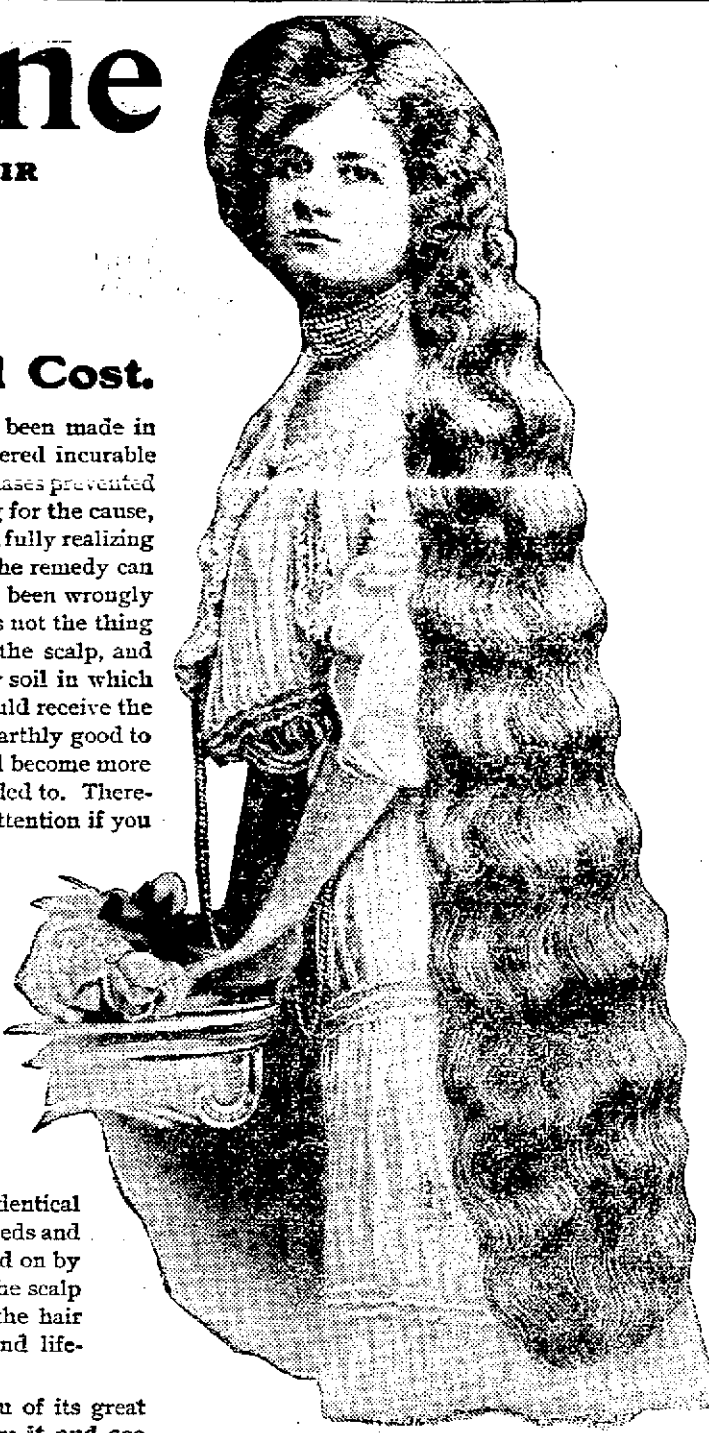

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Dr. Knowlton's DANDERINE

is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

FREE To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

MAN IN JAIL BUT THE POLICE DIDN'T KNOW IT

A funny thing happened in police circles Friday when it was discovered that a man that the department had been looking for and scouring every nook and cranny in the city for the past several days, was already in jail and had been there for several days. The man, Steve Bartok, was in police court Wednesday charged with stealing a couple of razors and beating his board bill, and as he could not pay his fine he was sent back to jail. On Tuesday night Joseph Zavatekay was cut by an unknown man and for days the police have been looking for his assailant. A warrant charging him with cutting with intent to kill was filed against Bartok and the search became stronger than ever. Then it was found that Bartok, who was arrested under the name of Steve Watkins, was one and the same, and the new warrant was served on him while he was behind the bars.

MISS MAE WOOD MUST PRODUCE THE DOCUMENTS

New York, Oct. 11.—An order directing Joseph Day Lee, a lawyer, to produce the alleged marriage certificate and a letter in which his client, Mae Wood Platt, alleges Senator Thomas C. Platt admits his marriage to her, was made by Justice McCall. The proceeding was preliminary to the trial of Miss Wood's suit for divorce from Senator Platt, which is on the calendar for early in November. Counsel for Senator Platt told the court that he was ready to go on with the trial at once, and asked that the documents be immediately produced. The plaintiff's counsel replied that Miss Wood held the papers and that it would require 10 days to bring them east. A postponement of 10 days finally was agreed upon.

DROWNED IN THE YUKON

Word has recently been received that L. T. Murphy a prominent Delaware county man who was born and raised about two miles south of Condit Station was drowned in the river Chulitna in Alaska on the morning of September 3d. Mr. Murphy and his partner were going down the river in a row boat, when very suddenly the boat struck a snag and both men were thrown into the water.

Mr. Murphy left this part of the country last January. He was well known in Delaware and western Licking county and was noted and could rightfully be classed among the best writers in our land.

Toledo, Oct. 11.—The power of Mohel Effendi, who has been proclaimed sultan in the south, has been greatly strengthened in this part of Morocco by the declaration of the Ulemas, or Holy Men at Fez, that he has more legal and moral right to the throne than has Abdel Aziz, the sultan of record. This, coupled with the approach of Mohel's army upon Fez, argues a speedy capitulation of the northern capital.

SERIOUS CHARGE AGAINST HEDRICK

Only two prisoners were in police court Friday morning and the cases were soon disposed of.

One case of a serious nature will be held Saturday morning, that of W. Hedrick, whose wife Leona, appeared in police court and swore out a warrant for him charging him with desertion and adultery. She claims that he deserted her on August 15, 1906.

When Officer Shively entered the Bolen block last night he saw Hedrick climbing a second flight of steps and wearing only his shirt and shoes. He was taken to the city prison and locked up. His bail was set at \$500.

MORE LIGHT, PLEASE

The daily paper that seeks to elect E. S. Randolph as mayor of Newark, evidently hopes to accomplish that purpose by misrepresenting the Democratic nominee, Herbert Atherton.

Had the American-Tribune treated Mr. Atherton's platform with a degree of fairness, no complaint would be made. Had the American-Tribune accorded to Mr. Atherton the same consideration this paper has given Mr. Randolph, no criticism would be offered.

Mr. Randolph asks for support upon three grounds, first, the enforcement of law and ordinance for closing saloons on Sunday; second, enforcement of ordinance for closing saloons at midnight; third, suppression of gambling.

This is exactly Mr. Randolph's platform as it appears over his own

signature. The Advocate does not attempt to misrepresent him by garbling Mr. Randolph's statement, but it does ask for further light.

First—Does Mr. Randolph favor or oppose Sunday baseball?

Second—Does Mr. Randolph favor or oppose closing of fruit stands, news stands, drug stores, etc., on Sunday?

Mr. Atherton plainly stated in his signed interview which appeared in this paper on Wednesday that he was opposed to gambling in every form, favored the maintenance of order, suppression of vice, and while favoring a moderately liberal policy, was opposed to a "wide open" town. Now the American-Tribune accuses Mr. Atherton of being everything that he isn't and nothing that he is.

Will the American-Tribune be fair and square by printing Mr. Atherton's platform in full as the Advocate has done for the Republican candidate?

The people have a right to know how the nominees stand on these questions, and intelligent people resent any attempt to mislead them.

One question was omitted in Mr. Atherton's interview, namely, midnight closing, and this was purposely done as Mr. Atherton wishes by singling this one plank out from the others to make it especially emphatic. Not only is Herbert Atherton in favor of closing all saloons at midnight, but he wishes it distinctly understood that HE WILL, to the best of his ability, enforce the midnight closing ordinance.

Mr. Atherton is out in the open and the Advocate asks the Tribune to print his platform as this paper has published that of Mr. Randolph. Now let us have a little more light on Mr. Randolph's position. What about Sunday baseball and a strictly "tight" Sunday.

VANDALISM RAMPANT.

Mr. VANDON, Oct. 11—The county officials are considerably worried and puzzled over the dastardly action of some person or persons at the Children's Home, west of the city. Two men have been prowling about the house, and a few nights ago Clyde Jones, who is employed at the Home shot at two men behind a tree.

About 9 o'clock Wednesday evening Jones was standing near a window, when suddenly a large rock came crashing through the window. Jones grabbed a shotgun and fired through the opening in the glass, but the person who threw the rock made good his escape. Believing that the disturbers might return, Deputy Sheriff Lewis remained at the Home all night, armed with a revolver, but there was no further trouble.

Dead body of a man supposed to be R. O. Hardwick, was found at the side of the Panhandle tracks in East Columbus. He had evidently fallen from a moving train.

**FAITHFUL WORK
AT OLD DENISON
FOR O. S. U. GAME**

ATTENTION GIVEN BY COACH TOWARD DEVELOPING STRONG DEFENSE.

Special Cars Will Carry Denison Supporters to Columbus—Hope to Make Good Showing.

Granville, O., Oct. 11—Denison people don't seem to feel very confident in regard to the State game, but realize fully that this will be the hardest game of the season. Coming early in the season, as it does, renders it almost impossible to get the play and players going smoothly, at any rate, to get them working in a way that will be effective against such a formidable team as State. A good showing is looked for, however, and when the game is over State will probably know she has been mixed up in a football contest. State's heavy line will make gains through that quarter rather difficult, if not altogether impossible, and it will take lots of practice to perfect plays that will gain around her ends.

A great deal of time is being spent this week on defensive work and stopping forward passes. So far this week the practice, and especially the scrimmage work, has been very slow, but the Denison rooters are hoping that the team will brace up before Saturday. More ginger and speed in getting off with the ball is what will be necessary in order to overcome State's bulky defense.

Coach Rohrer is bemoaning the fact that he cannot use several of the freshmen who he says "look very good" to him. They could fill out several of the weak places on the team. Williams and Whyte, two freshmen from Waubesa, Wis., are starting on the freshman team and will undoubtedly make themselves known in Ohio football circles next year.

Fernis, the bulky center on last year's team, has obtained his father's consent to play and is now coming out to practice regularly. McCollum, who has been laid up for some time with a bad ankle, is out again, and Coach Rohrer is trying him again at his old position of quarter back. His experience in running last year's team, will make him a valuable man to fall back on in case Davies should get injured.

Special cars have been chartered to carry the Denison rooters to Columbus and the present indications are that the bleachers on the east side of "U" field will be well filled with rooters to cheer on the D.-nr.-on team.

**NEWARK TEAM
TO CAMBRIDGE
ON SATURDAY**

The Newark High school football team goes to Cambridge tomorrow to play the fast squad at that place. Much interest has been aroused by the clever work of the team against

Mt. Vernon last Saturday and things look bad for Cambridge. Ramsey has shifted to his old place in center, which puts Perry at tackle. Newark is weakened some by the absence of some players on account of grades but it is hoped that it will not be noticeable. Thornton Lewis will play quarterback and as he has demonstrated can get as much speed out of them as there is in them. The backs are Ashley, F. Lewis and Jackson. Quite a bunch of rooters will accompany the team. Messrs. Milson and Carpenter, the always loyal, will go as officials.

A few changes have been made in the football rules this year, but it is not likely that the casualty list will show the effect of the alterations.

ORCUTT MADE CAPTAIN.
Granville, Oct. 11—Alfred Orcutt, '08, has been elected manager and captain of the Denison (Granville) University Cross Country Club. Orcutt has gained considerable local fame in the past as a long distance runner. Last year he won first place in the cross country run. Denison expects to put out a fast cross country team this year.

**REASONABLE RULES
FOR RHEUMATICS**

Western Specialist Explains a Few Simple Rules for the Avoidance and Cure of Rheumatism, Kidney and Bladder Troubles.

Dr. George Edmund Flood states that Rheumatism and the various forms of Kidney and Bladder troubles are among the most easily curable diseases—that is, when they are treated in a sensible manner.

According to Dr. Flood, those persons suffering from any of these ailments should exercise the greatest moderation in the consumption of rich foods. Dr. Flood has met with great success in his practice in the treatment of these complaints, and he has advised all of his patients to substitute for such a diet as we have just mentioned, the simpler and more nourishing soups, broths, fresh milk, fresh vegetables, and plenty of pure water—lots of water.

But, says Dr. Flood, observance of these rules will not suffice to effect a cure, although such observance is necessarily of the greatest assistance in the treatment. During all his practice, that is, in the treatment of Rheumatism, Kidney and Bladder troubles, this eminent physician has employed one simple prescription, which, he states, has proven itself of unvarying curative value. Dr. Flood has kindly consented that we reproduce a copy of this famous prescription in this column for the benefit of our readers.

This is the prescription:
Fluid Extract Cascara Aromatic 1/2 ounce
Concentrated Barkola Compound 1 ounce
Aromatic Elixir 4 ounces
Adult dose, one teaspoonful after meals and at bedtime; children, one-fourth to one-half teaspoonful after meals.

Dr. Flood says it is pleasant to take and may be filled by any druggist, anywhere, or, better still, you can get the ingredients yourself and mix them at home by shaking well in a bottle. Dr. Flood guarantees the success of this prescription when taken according to directions.

OBJECTED

TO DISH OF POTATOES, STARTED ROW AND WAS KILLED BY OFFICER.

Physicians in Columbus Discuss Alcohol and Narcotics—News of the Buckeye State.

Columbus, O., Oct. 11.—As the result of a dispute over a dish of potatoes in a restaurant on East Town street Adam J. Neece, 35, is dead; Fred Henderlick, a waiter, is lying in a hospital in a critical condition, with a bullet in his head and Patrolman James Lot-speich has a bullet wound in his hand. When Neece came into the restaurant and ordered his supper he had a dispute with the waiter, Henderlick, about the potatoes, which he claimed were not cooked enough. Without warning Neece drew a revolver and fired at Henderlick, who fell wounded in the head. Neece then rushed out of the restaurant. He met Patrolman Lotspeich and attempted to shoot, when the patrolman grabbed the weapon and received the bullet in his head. The officer then fired three bullets into Neece's body, killing him instantly. Nothing is known of Neece, who is a stranger here.

Roasts City Officials.

Columbus, O., Oct. 11.—In the report on the city of Lorain, filed with the state bureau of accounting by Examiner F. A. Parmelee, Mayor F. J. King is censured because of his failure to deposit with the county and city treasurers about \$4,000, the accumulation of five months' fees, until after the arrival of the examiner. Treasurer A. H. Babcock is declared to owe the city \$1,000 uncollected from a bank when it failed.

Physicians on Alcohol.

Columbus, O., Oct. 11.—A discussion of the use of narcotics and alcoholic beverages was a feature of the closing session of the Mississippi Valley Medical association. Dr. T. D. Crothers of Hartford, Conn., in an address said: "Alcohol is in no sense a food or a stimulant, but a narcotic and should not be prescribed in any case. Physicians have been indifferent to this problem when they should have been ment of the physicians who discussed the first to help solve it." The sentiment Dr. Crothers' address was in support of his views.

Cincinnati City Hall Seized.

Cincinnati, O., Oct. 11.—Attorney August Bruck holds the distinction of having taken possession of the Cincinnati City hall and its contents. He made this move to satisfy a judgment against the city. The execution was levied in satisfaction of a judgment secured by Mrs. Louisa Kuhn against the city for damages to her property in 1903. She had been awarded \$3,256.08. When it was seen that the attorney meant business there was a scurrying of the officials to put in a supersedeas bond and this was soon provided in the sum of \$7,117.56.

Ran Down Crowd of Laborers.
Steubenville, O., Oct. 11.—A Panhandle railroad yard engine backing a car ran down a crowd of laborers walking on the track and killed Patrick Kane, 35, and John Murray, 21, both of Wheeling Junction. Patrick Hener, 20, was seriously injured. The men had stepped out of the road of the Panhandle flyer No. 29, westbound, and did not hear the other train as it came up behind them running at high speed.

Representative Clark Injured.
Gallipolis, O., Oct. 11.—With a lantern in his hand Amos W. Clark, former state representative, and three cows fell through a barn floor to the basement, 15 feet below, at his farm near here. The animals stampeded and knocked the lantern into a pile of straw, setting fire to the barn. Farm hands rescued Clark from the flames, but he is badly injured and burned. The cows were saved.

Paint and Oil Men.

Cincinnati, O., Oct. 11.—Before final adjournment the National Paint, Oil and Varnish association went on record as favoring the establishment of a new federal department of transportation at Washington, postal savings banks and a parcels post system. It was decided to meet in Boston next year. George L. Gould of Boston was elected president.

Given His Liberty.

Columbus, O., Oct. 11.—Harold Robinson of Springfield, convicted of bigamy, was paroled by the board of managers of the Ohio penitentiary. One of Robinson's wives was Miss Jessie Linn, the concert vocalist.

Rural Letter Carriers.

Atlanta, Ga., Oct. 10.—The feature of the session of the convention of the National Rural Letter Carriers' association was the address of Fourth Assistant Postmaster General P. V. Degraw. Mr. Degraw told the carriers that Postmaster General Meyer will recommend to the next session of congress the establishment of postal savings banks and the revival of postal notes. Delegates attended a barbecue at the home of President Lindsay at Tucker, Ga.

KIDNEY TROUBLES

The kidneys are essential organs for keeping the body free from impurities. If they should fail to work death would ensue in very short time. Inflammation or irritation caused by some feminine derangement may spread to some extent to the kidneys and affect them. The cause can be so far removed by using Lydia E. Pinkham's Vegetable Compound that the trouble will disappear.

When a woman is troubled with pain or weight in loins, backache, swelling of the limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys, she should lose no time in commencing treatment with

A REMARKABLE EXHIBITION

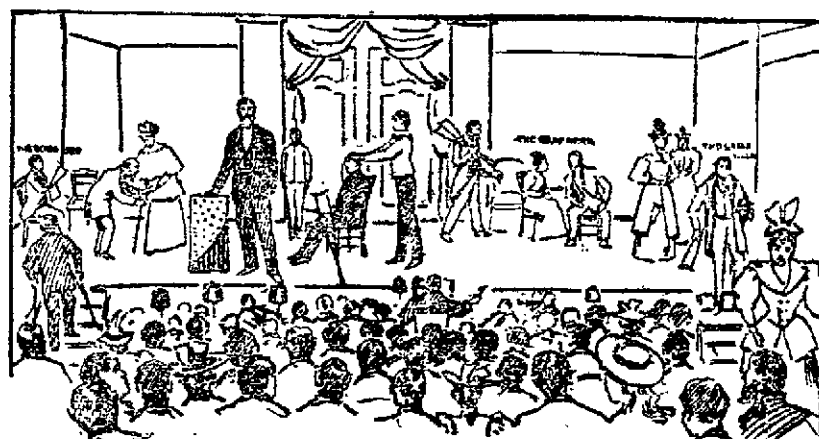

WORK OF THE "BOY PHENOMENON" AT AUDITORIUM LAST NIGHT.

How the Sufferers Were Helped by the Laying on of Hands—Some Strange Scenes.

Another Free Exhibition Tonight.

The Auditorium was filled with a representative audience of Newark's best citizens last night, who were there to see whether the "Boy Phenomenon" could do what was claimed for him. On the stage seemingly wonderful things were accomplished. "The Blind, the halt, and the lame" crawled painfully upon the platform, leaning heavily upon crutches, or on the arms of attendants. In a few minutes, it seemed as if miracles had been wrought. Crutches were thrown aside, bent limbs straightened out and the cripple walked, even ran freely across the stage, in all the vigor of young manhood. The "Boy Phenomenon," the young disciple of Vital Magnetism, was the attraction that drew hundreds to the theatre, and his marvelous results, by the laying on of hands, were the astounding feats that made the people in the big audience rub their eyes in astonishment at what they saw.

The coming of the "Boy Phenomenon" had been well advertised, and the house was packed to the doors,

nor will the theatre be large enough to hold the crowd that will gather this evening. After the lecturer had spoken on animal magnetism and personal electricity the "Boy Phenomenon" was introduced. He was born in Iowa 26 years ago. It is claimed his wonderful powers first cured the members of his family, then friends and neighbors. A Chicago doctor, who was summing in the vicinity heard of the great youngster, induced his parents to let him be taken to Chicago, where he appeared before college clinics and, later, decided to give the public an opportunity to be benefitted by his powers.

His work last night was of a decidedly interesting and surprising nature. The unfortunate persons on whom he operated were all well-known citizens of Newark. Among the score or more who tested his powers, all said they were perfectly satisfied with the results and several made public acknowledgements of their relief or cure, while those who came to criticize or were doubtful, went away convinced that he is possessed of some power which they could not understand. As a prominent citizen remarked at the close of the exhibition, "It's because of the wonder of it, that people are so skeptical and incredulous."

Among the large number treated, there was not a single failure reported and all said they either were greatly benefitted or entirely cured. Space forbids an extended reference, but the names of the most prominent ones will be given.

The first to go upon the stage was Mr. James Cleveland a life long resident of Newark, living at 84 Clinton street. Mr. Cleveland said he had rheumatism and lumbago, suffering greatly from it, and that his eyesight was nearly gone. The Boy Phenomenon stepped up to him and began rapid manipulations about the back of the neck, the ears and the temple. Then he passed his hands down the extremities, and then rubbed him vigorously in the vicinity of the spinal column. When the treatment had been finished, the doctor held up his fingers 10 feet away and he could count them distinctly, where before he could not see them a foot away.

Mr. Cleveland had come upon the stage with a cane. He could not walk without this support, neither could he get his arms over his head. He promptly did so with ease. Then he walked back and forth on the stage and to his seat in the audience, leaving his cane behind.

The next man treated was Jos. G. Hogue of 231 Silby street, said he also was a great sufferer from rheumatism in his back, hip and legs for years. Said he had taken barrels of medicine, but could get no relief. In three minutes he stated the pains were gone and he felt like a new man.

when asked her name. She also had terrible noises in the head. In a few minutes she was able to hear a whisper, and the noises departed.

R. Morey of Hoover street stated he had rheumatism in every joint of the body for ten years. After a few minutes' treatment, he felt so good he ran up and down the stage and stated to the audience his pains had departed. He created amusement by leaving the hall swinging his cane over his head.

Another gentleman treated said he had the rheumatism for 20 years on the left side, and dragging his foot in walking. After treatment he walked back and forth on the stage as well as ever and the audience applauded.

Mr. S. Gately was a deaf subject, who had ringing noises in the head for years. In two minutes the noises had ceased and he could hear a whisper. Several in the audience left their seats and spoke to Mr. Gately in a whisper, to see if he really had been cured, and he answered them readily.

Another well known citizen was treated for double sciatica and a complication of other troubles, which he said had kept him from work for years. He was unable to sleep only three hours each night pain was so severe. After five minutes, he said he felt no pain whatever, and left the stage with a smile on his face.

One of the most remarkable cases was that of Mrs. S. S. Shrovey of Summit street, who was almost carried on the stage. She stated that there was not a spot in her body that was free from rheumatic and neuralgic pains. Her shoulders, elbows and hands were stiff and drawn out of shape, her eye sight was so bad she could not get around alone, she had female troubles and nervous prostration. In a short time she stamped her feet and declared she felt no pain

whatever, and could see better than she had in years. Another old resident said he had to give up business two years ago because of his various afflictions and that he had not been able to do a day's work since. Asthma, rheumatism and heart trouble were only a few of his complications, which vanished after a short treatment. Several other cases were treated all of whom were old and well known citizens, and in every instance the patient either showed by their actions or testified by word the great benefits derived, and thus closed one of the strangest and most wonderful manifestations of healing afflicted humanity that has ever occurred in Newark.

Another exhibition will be given tonight, and thereafter for some weeks he may be consulted at the Warden Hotel, where he has secured a suite of offices for those who wish private treatment. His office hours and advertisement is in another column.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. It takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

BULLETIN BOARD

In Front of Ohio Sun's Office Attracts Thousands of Baseball Enthusiasts.

There is probably not a topic of current news that has created as much interest among as great a number of people, as the battle now being waged for the baseball championship of the world between teams representing Chicago in the National and Detroit in the American League.

Thousands of "fans" congregate about the bulletin board in every city in the United States to get the very latest from the scene of the conflict. To give this very latest news no expense or pains have been spared by newspapers in telegraph tolls and other incidentals, but the most elaborate and complete system we have yet seen is that used by the Ohio Sun, in front of their plant in Columbus.

A big bulletin board has been erected and upon this the position of every player is indicated, and the names and position of each member of the opposing teams. It is possible by a system of electric lights to illustrate every play almost as soon as it is made and thousands crowd in front of the Sun office every day to watch the progress of the game.

FRISKY CUBS OUTPLAY TIGERS IN THIRD GAME

SIEVER, CRACK SOUTHPAW OF DETROIT, BATTED OFF OF THE BOX.

Ruebach, With Perfect Support on the Other Hand Was Invincible.

Chicago, Oct. 11.—Before a crowd of 13,000, the Chicago Nationals won Thursday's game from the Detroit Americans, making two straight wins for the Cubs. The score was 5 to 1. The Detroiters used two pitchers, Siever and Killian, and both were hit freely. Ruebach pitched strongly in the opening innings, and when he showed signs of weakening in the fifth and sixth innings his teammates came to his rescue with fast double plays.

The first run came in the second inning, when Steinfield lined the ball over third base, reaching second on the hit. Kling sacrificed and Evers stung a double over first base. Steinfield scored, but Evers was left when Schulte and Tinker were retired on infield grounders. The Nationals went after Siever's curves savagely in the fourth. Steinfield drove a long fly to left field to start the inning, Jones getting the ball near the boundary. Kling followed with a hard single to right. Evers sent him to third with another drive to the same territory and Schulte dropped a fly safely in center. Kling scored. Evers tried to make third on the hit, but was caught, Schulte advancing to second. Tinker lifted a high fly to Jones, but the left fielder dropped the ball, Schulte scoring and Tinker going to third. Ruebach cut a low ball over second base, sending Tinker home. Coughlin then caught Slagle's high fly. In the fifth Killian was greeted warmly, two doubles and a hard single being gleaned off his delivery. For the next three innings the locals went out in order except in the seventh, when Steinfield received a base on balls.

Detroit lost its first chance to score in the fifth because Tinker intercepted a liner and turned the catch into a double play. Rossman was first up and was safe when his hard-hit grounder bounced off Tinker's ankle. Coughlin was passed and Schmidt's grounder down the first base line advanced both runners. O'Leary smashed a hard liner at Tinker and the latter jumped, caught the ball and stepped on second base ahead of Coughlin, retiring the side. The run came in the next inning. Killian made the first clean hit off Ruebach. Jones received a base on balls and then was doubled up with Schaefer in a lightning play. Steinfield to Evers to Chance. Crawford and Cobb followed with hits. Killian scoring on the former, but Slagle went back to the stands and captured Rossman's fly. The teams left for Detroit last night, accompanied by a small army of enthusiasts. Games will be played in the Michigan city today and Saturday, the Sunday contest being scheduled for Chicago. Summary:

Chicago 0 1 0 3 1 0 0 0 — 5 10 0
Detroit 0 0 0 0 0 1 0 0 0 — 1 7 1
Two-base hits — Steinfield, Evers 2, Sheekard, Chance. Hits—Off Siever, 7 in 4 innings, Off Killian, 3 in 4 innings. Sacrifice hit—Kling. Double plays—Tinker (unassisted), Steinfield to Evers to Chance. Left on bases—Chicago 6, Detroit 7. Bases on balls—Off Ruebach 3, off Killian 1. First base on errors—Chicago 1. Struck out—By Ruebach 2, by Siever 1, by Killian 1. Time—1:34. Umpires—O'Day and Sheridan.
Batteries—Ruebach and Kling; Siever, Killian and Schmidt.

Detroit Bugs Wild.
Detroit, Mich., Oct. 11.—Detroit baseball enthusiasts are on edge in anticipation of the fourth game here this afternoon in the world's series. Bennett Park was jammed to its utmost capacity long before play was called. The gates were opened at 10 o'clock. Every reserved seat for both Friday and Saturday's games was sold days ago, and thousands of would-be purchasers were disappointed when the seats were exhausted before their wants could be supplied. There are seats for 8,500 people in Bennett Park, but it is expected that there will be nearly 20,000 jammed into the inclosure when the game begins.

Other Games.
Boston, Oct. 11.—By winning both of two games here for the championship of the city, the Boston Americans have made it necessary for the Boston Nationals to win five straight games in order to deprive their rivals of the honor. The scores were 2 to 1, and 5 to 4.

St. Louis, Mo. Oct. 11.—The St. Louis American League team evened up the post season series with the Nationals by taking Thursday's game, 11 to 7, making two for each.

OLD FOLKS

Can Renew Their Strength.

While it is impossible for the aged to renew their youth we want to say to all elderly people in Newark, O., that they can renew their strength by taking our delicious cod liver preparation, Vinol.

Vinol, being rich in the elements of life, is an ideal strengthener and body builder for old folks.

Mr. A. J. Barker of Evansville, Ind., says: "There is no other medicine in the world equal to Vinol for elderly people. I would not take a thousand dollars for the good it has done me."

Vinol is not a patent medicine, but a real cod liver preparation made by a scientific, extractive and concentrating process from fresh cods' livers combining with peptonate-of-iron all the medical, healing, body building elements of cod liver, but no oil.

Vinol tones up the digestive organs, makes rich, red blood, and cures steady nerves. In this way it repairs worn tissues, checks the natural decline of the aged, builds up the run down, tired and debilitated and restores weakness with strength. The best remedy for old or weak people in Newark, O., to try Vinol on our offer to return money if it fails to give satisfaction. Frank D. Hall, druggist.

Many an old codger who tells a young girl he would die for her is really stronger than he looks.

GAINED TWENTY POUNDS PLEURISY CURED.

Mr. I. Brown, of 614 Bingham Avenue, Pittsburg, Pa., Who Suffered from a Severe Case of Pleurisy, Which Left his Lung in a Weak Condition, Was Completely Cured and Restored to Health by the World's Greatest Medicine.

In a recent interview Mr. Brown said: "I deem it my duty to state what Duffy's Pure Malt Whiskey has done for me. In the fall of 1905 I contracted a severe cold which I neglected until it developed into pleurisy in my right side. I did considerable doctoring for it, and I seemed to get all right. I returned to work, but again immediately contracted another severe cold, which found me in a weakened condition. I tried many different kinds of medicines, which did not seem to help me; I was very weak and run down, and I decided what I needed was a tonic stimulant to build me up, so I made up my mind to try Duffy's Pure Malt Whiskey. I am very thankful that I did, it has put new life in me, it took out the pleurisy and healed my left lung, which was left in a very weak condition, and I feel as strong and hardy as it is possible for any man to feel. I have a good appetite and have gained twenty pounds in weight; and, while I am a temperance advocate and do not believe in drinking intoxicating beverages, whenever I feel the need of a tonic and stimulant I do not hesitate to take Duffy's Pure Malt Whiskey. I can heartily recommend it to any one who is run down and is troubled with colds or pleurisy."

Unsolicited testimonials like the above come from thousands of men and women who have been cured and restored to health by Duffy's Pure Malt Whiskey.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ of the seed and producing a predigested liquid food in the form of a pale malt, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances renders it so that it can be retained by the most sensitive stomach.

It is an absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces, it makes digestion perfect, and enables you to get from the food you eat the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system, is a promoter of health and longevity, makes the old young and keeps the young strong.

Caution.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey, and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

DEATHS AND FUNERALS

SARAH E. CUNNINGHAM.

Mrs. Sarah Elizabeth Cunningham, widow of the late Ockey Cunningham and a most estimable colored woman, died at her home, 111 West Canal street, at 6 o'clock Friday morning after a lingering illness of consumption. She came to Newark from Washington C. H., with her husband 13 years ago, and had resided here ever since. She was a good Christian woman, and died in the full faith of a blissful hereafter. Before she passed away she bade her relatives and friends a last good bye. She is survived by her mother and five children, Jay, Baker, Orie, Sartorius and Adolphus. The funeral services will be held at the house on Sunday afternoon at 2:30 o'clock, and the remains will be interred in Cedar Hill cemetery.

MRS. NANCY HARPER.

Mrs. Nancy Harper, widow of the late John Harper, died at her home on Monroe street, Friday morning about 2 o'clock, after an illness of some time, aged 65 years. The deceased was born in Boston, a small place near Hanover, this county, and when quite young moved to Mt. Vernon, where she lived for many years, and where he husband died some time ago. After the death of her husband she lived with her son and daughter in Chicago until last May, when she came to Newark and has been living with her sister, Mrs. Burr Beard on Monroe street. She is survived by two children, Earl Harper and Mrs. Nettie Richardson.

At this writing the arrangements for the funeral have not been completed. The remains will be taken to Mt. Vernon for interment.

BARBER'S ITCH CURED

Terrible Facial Blemish Removed

The most severe test to which any skin remedy can be put is in the treatment of BARBER'S ITCH. This disease is caused by a swarming mass of microbes which have heretofore refused to yield to any application which would not mar the skin before it could decimate their numbers.

The history of one who has suffered for 20 years and obtained a permanent cure should be very interesting to those who are similarly afflicted: "I hope you will allow me to thank you for what Palmer's 'SKIN-SUCCESS' Ointment has done for me, having had Barber's Itch for twenty years. I tried everything recommended, but with utter failure, and became greatly discouraged, thinking it would never leave me. Finally, after months of application, my face is entirely well, which I think wonderful. As my case was so severe, I thought it only just to thank you with all my heart for the benefit received. Any one suffering from such a terrible disease as this may be referred to the 'SKIN-SUCCESS' Ointment. Henry W. Buchanan, 302 19th St., Detroit, Mich."

COMPLETE CURE OF ACNE. This is a skin disease which yields most reluctantly to treatment. It has baffled the experts and has thrown down the gauntlet to those who would seek to provide a remedy.

The testimonial which follows is only one of many which we have on file to positively prove that the PALMER'S SKIN AND BLOOD TREATMENT is absolutely the only effective and safe remedy for all skin diseases.

"Up to about six months ago I had a terrible case of acne, which a local physician treated me, but without relief. Then I used your 'SUCCESS' Remedies and am pleased to state that the cure was complete. So on then I have recommended your ointment, soap and remedy to many people, and invariably they have given me the satisfaction—George G. Strait, Washington, D. C."

These remedies will positively cure Eczema, Salt Rheum, Psoriasis, Erysipelas, Acne, Scall, Pimples, Blackheads, Ringworm, Tetter, Itch, and Oak Poisoning, Itching Affections, Piles, Burns, Bruises and Sores; also constipation and all liver and blood disorders.

"Wonderful!" "Astonishing!" "Marvelous!" "The Work of God!" "Marvelous!" "How can he do it?" and many like expressions were heard as the vast crowd surged out of the Auditorium last night, after witnessing the most interesting exhibition of healing the sick ever performed in this part of the country.

There has never been a medical practitioner, or any other man in this city, who has attracted so much attention or been the object of such universal praise as has been accorded this youthful healer since his advent here. He is the talk of the town. One hears and sees nothing but "Boy Phenomenon!"

He is the chief topic of conversation on the streets, in the stores, on the cars, in offices, at home—in fact, everywhere. His name coupled with the marvelous cures he accomplished last night upon the stage, before hundreds of our representative citizens, has created an exciting episode in our city.

There were many of our most prominent and influential citizens in the audience, including leading physicians, lawyers, judges and business men. As usual many were no doubt, very skeptical when they went in, but all were of one mind when they went out, and that was the inherent, or natural magnetism, such as possessed and exemplified by the "Boy Phenomenon" last night does undoubtedly possess most wonderful healing qualities.

About a dozen well-known citizens were treated last night, suffering with as many different diseases, and by his wonderful life-giving magnetism he restored paralyzed and rheumatic limbs to usefulness, made the deaf hear, the lame walk, and impaired vision was restored, in each instance the patients demonstrating by their actions and testifying by words the great benefits derived. While there were many very wonderful cures performed, time prevents a more extended notice in this article as a detailed account of the demonstration will be found in the local column. Suffice to say, he did all and more than his advertisement claimed for him. He certainly proved to the most exacting that he has some power by which he is enabled to effect wonderful transformation in those afflicted with chronic ailments which for years have baffled all other methods of cure.

The exhibition will be repeated at the Auditorium tonight admission to which is free, and the most seriously afflicted on canes, crutches, in rolling chairs, the deaf and sick will be selected from the audience and treated free upon the stage. Tonight's exhibition will end both the free and public healing, after which those wishing private treatment may call at his private office in the Warden hotel.

SPECIAL NOTICE.

The management of the Boy Phenomenon Co. have secured apartments at the Hotel Warden, which have been newly furnished and rearranged into private offices, private and public reception rooms, private treatment rooms and consultation rooms, where all who desire private treatment and are able to pay a small price to be cured, may call at any time and have a consultation, after which, if found curable, and treatment is desired, a price which is within the reach of all, will be named, and appointments made for treatment.

Those who wish to take advantage of the introductory reduced prices, which are in vogue the first two weeks, should have a consultation and make an appointment as soon as possible.

Office hours from 10 a. m. to 5 p. m., and 7 to 8 evening, daily except the Sabbath. (Entrance on East Main street.) The poor who wish to be cured free must present themselves at the Auditorium tonight as free cases are not treated at the hotel.

Captain John Wesley Myers, national secretary of the National Union since 1886, died last night at his home in Toledo of nephritis. He had been ill six weeks.

Too Risky

Ask your doctor if he does not think it would be wise for you to keep a bottle of Ayer's Cherry Pectoral in the house, exactly what you have done.

"A hard chill, pain through the chest, difficult breathing." If this should be your experience, send for your doctor. It may be pneumonia! To doctor yourself would be too risky. If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him of Ayer's Cherry Pectoral in the house, exactly what you have done.

Has a Curiosity.

County Recorder P. M. Brill has quite a curiosity which he is exhibiting to his friends. It is a bleached scale from an alligator captured by his nephew in one of the swamps of Arkansas.

Proving Extension.

Since the extension of the paving on West Main street, an elderly gentleman of the West End, who remembers well the condition of the streets and rough pavements in the early days of Newark, quaintly said: "You can go down town now without putting your foot on the ground."

Newark Priest, Celebrant.

Fervid hours devotion closed at St. Dominic's church on Tuesday morning with solemn high mass of which Rev. Chas. H. A. Watterson of Newark was celebrant, Rev. A. J. Johnson, deacon, Rev. P. F. Ruane, sub-deacon, and the pastor, Rev. T. J. O'Reilly, master of ceremonies.—Catholic Columbian.

An Error Made.

The item in Thursday's paper stating that Mr. Otto Vogelmeier had purchased the Glaunsinger merchant tailoring business on South Second street is an error. Mr. Glaunsinger says that he purchased the business from Mr. Vogelmeier two years ago, and since that time Mr. Vogelmeier has been out of the business.

A Big Lemon.

A reporter of the Advocate was shown a lemon of the "American Wonder" variety on Friday, that was raised by Mr. W. T. Harrison, of Tallahassee, Fla., a former resident of Licking county, that is truly a wonder. It measured 15 inches in circumference and weighed one and a half pounds. Mr. Harrison is a regular reader of the Semi-Weekly Advocate.

Nerve Sick
If weak, worn-out,
nervous, cannot sleep;
have indigestion, head-
ache, neuralgia or peri-
odic pains, it is because
your nerves are weak. It
is the lack of nerve force
that makes the stomach,
heart, lungs, etc., work
imperfectly—become sick.
Dr. Miles' Nervine cures
the sick when it restores
nerve strength, and puts
the power behind the or-
gans to do their work.
"Almost three years I suffered from
nervousness, indigestion, and palpita-
tion of the heart. I could not eat or
sleep with comfort, or walk or talk
without suffering. Altogether I was
in a bad condition. My doctor did not
seem to do me any good. I had tried
so many remedies that I did not have
much hope of any of them doing me
any good. Dr. Miles' Nervine was
suggested by a friend. I got relief
from the first, and after a few days
I felt like a new person. It not only
relieved my heart and nerves, but
has invigorated my whole system. I
am very grateful because since I have
stopped using it, I have had absolutely
no return of my old trouble."

AMUSEMENTS
GREAT RURAL COMEDY.
That Sis, and her rural Indiana en-
tertainers will always find something
new to make fun out of when she
pays her annual visit, goes without
saying. But it looks as if this time
she had fallen into the original home
of trouble. Imagine the gawky coun-
try lass and her pal Zeke, gazing at
the top of the new Singer building or
riding on the "Sub," or any one of
the thousand and one things that
might happen to the unsophisticated
pair in the great metropolis. Yet
that is where the playwright has cast
for this season's version, and it is
called "Sis in New York." The local
date is for tomorrow afternoon and
night, and there is no need to go into
details. It will be the usual "Sis"
house.
A CHILD OF NATURE.
Miss Adelaide Thurston in her play
"The Girl From Out Yonder" by
Pauline Phelps and Marion Short, is
to be the attraction at the Auditori-
um next Monday evening. In the
character of Flotsam, Miss Thurston
is said to have a part that fits her
well—that of a young girl, the daugh-
ter of a light house keeper, whose
only companions have been her father,
the fisher folk, the rocks and
waves. She is a child of nature, for
in the latter she finds all that is
necessary for contentment and hap-
piness in the life led by one cut off
from the world.

THE WHEEL OF LOVE.
Paul Gilmore is so elegant in man-
ner, so correct in every minutia of
dress, it was at first thought that his
part of a Texas ranchman in George
V. Hobart's new play, "The Wheel of
Love," would be sentimentalized a
bit. But, on the contrary, it has been
virilized rather than weakened,
strengthened rather than emasculated.
The big, wholesome Dick Seely of
last year is simply transformed in-
to the bigger, more wholesome Jack
Hartley of today. Mr. Gilmore has
shown us that to be a ranchman one
needn't lose all sense of decency or
wear impossible clothes. He gresses
and acts the part as if he were the
real owner of Rosebud ranch. He will
bring his play to the Auditorium on
next Tuesday evening.

S.S.S. HEALS
S.S.S. OLD SORES
The deep, underlying cause of every old sore is a bad condition of
the blood. This vital fluid has become infected with some germ or poison which
prevents the place from healing. This infection may be the result of an in-
active, sluggish condition of the system leaving the refuse matter in the
body to be absorbed into the circulation instead of throwing it off through
the usual channels of nature. Another cause is the weakening or polluting
of this life-stream from hereditary taints, or from the effects of a long spell
of sickness, leaving disease germs in the system. When the blood is in this
condition a sore cannot heal because the impurities with which the circula-
tion is filled are being constantly discharged into the place to irritate and
inflamm the tissues and further disease the surrounding flesh. The only
treatment that can do any good is one that removes the cause, and for this
purpose nothing equals S. S. S. It begins at the fountain head of the trouble
and drives out all germs, impurities and poisons, and then the place, being
supplied with rich, pure blood, heals naturally and permanently. Local ap-
plications assist in cleansing the place, but a cure can only be effected
through a purification of the blood. Book on Sores and Ulcers and any
medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

MAKES A DIRECT
CHARGE OF MURDER
AGAINST MAGILL
Decatur, Ill., Oct. 11.—Assistant
States Attorney Mitchell in opening
for the state today demanding the
death penalty for Fred Magill, fol-
lowing an eleventh hour decision by
attorneys for the state. He made a
direct charge of murder, instead of
the claim that Magill was responsible
for his wife's death, because he drew
her into a suicidal compact.
"Fred Magill killed his wife by
administering chloroform and by
strangling her by wrapping blankets
about her head. He was aided by Fay
Graham, now Fay Graham Magill,
who was present either in person or
incited him to the deed," declared
Mitchell.

tended by Miss De Et Hooper and
Mr. D. C. Bonfield. They will make
their home on Cambria street, where
they have the best wishes of a host
of friends.
A Nation of Cripples—
Rheumatism Beyond
Control.
The Only Hope to Rheumatic Suffer-
ers is Uric-O Treatment.
If rheumatism continues to spread as
it has in the past few years, it would
soon seem as though we would be long
before we could cure it. The ter-
rible destructiveness of this disease is
apparent on every side of us. Almost
nine out of ten of the cripples one
meets had their affliction brought on by
rheumatism. How many thousands
more there are that are hopelessly bed-
ridden and whom we never see. Rheu-
matism, from the very nature of the
disease, can never cure itself, and if
neglected is bound to grow worse rather
than better. If you ever have any
twinges of rheumatism, go to your drug-
gist and get a bottle of Uric-O, the
wonderful new Rheumatic Specific. It
will cure you and it is the only treat-
ment in the world that will cure you
permanently and thoroughly. Uric-O
cures by its direct action on the mus-
cles, blood and kidneys. It seeks out
the poisonous Uric and Rheumatic Acid
and drives it from the system and it is
only a treatment of such a nature that
will cure rheumatism. Liniments and
plasters only serve to drive it from
one spot to another. They never cure
rheumatism, because it is primarily a
blood disease, and until the blood is
cleared from the poison, a cure cannot
take place.
There never was a case of Rheumatism
that Uric-O could not cure, and you
should not put off taking it. You can
test Uric-O free of charge if you wish.
Just cut out the advertisement and send
it to the Smith Drug Co., 322 Smith
Building, Syracuse, New York, together
with your name and address and the
name of your druggist, and state that
you have never used Uric-O and would
like to try it. We will give you free
of charge a trial bottle of Uric-O, which
you can test and try to your own
satisfaction.
Uric-O is sold and personally recom-
mended in Newark by Frank D. Hall,
North Side Square.

FAILURE
TO AGREE UPON ANY PLAN OF
SYSTEMATIC RAILROAD
REGULATION.
Marked Closing of Meeting of State
Commissioners—Object to
Roosevelt's Plan.
Washington, Oct. 11.—Hopeless
failure to agree upon a plan for rail-
road investigation and legislation,
marked today's closing deliberations
of the state railroad commissioners.
The only point upon which there was
harmony was in the objection to
Roosevelt's plan of entire federal
control, in place of which apparently
each state has a plan of its own.
Concerning the violation of railroad
companies in different districts, the
railroad committee reported that federal
control is impossible without amend-
ing the constitution. Many rate regu-
lations in different states followed by
reductions on interstate traffic was
pointed out and declared due to state,
not federal action.

TRIBUTE TO MRS. WEHRLE
BY REV. B. M. O'BOYLEAN
Mrs. Philomena Wehrle departed
this life on Oct. 9, 1907, at Mt. Clem-
ens, Mich. aged 67 years.
Peace dwell within her breast and on
her face;
No shadow hovered but of such as
comes
O'er limpid waters from a placid sky,
When golden streams from out the
vest'ring sun
Paint the soft fringes of the serried
clouds;
For all her years were knitted in a
web
Well woven in the loom of truth and
love.
Her path of life from early girlhood
Led upward to the heights of recti-
tude.
Her wedded life with him to whom
she gave
Her plighted word and pure heart's
faithful love
Was such as that which Raphael did
find
For young Tobias in the Median land,
And blessed with children (God's
most precious gift).
She led them on the selfsame noble
way
That she had trod; and when the ev-
ening came
That called her to reward, her soul
went out
On wings of peace and love to meet
her God.
Then holy calm composed her gentle
face
And all her features told that she was
blest.

DR. C. A. HATCH LEAVES CITY FOR PARTS UNKNOWN

WELL KNOWN PHYSICIAN IS BELIEVED TO BE LABORING UNDER DELUSION.

Financial Affairs in Fine Condition and Domestic Relations Pleasant—Where Is He?

Dr. Charles A. Hatch has left the city and his family has no knowledge of his whereabouts.

The preparations for the doctor's departure seem to have been made with deliberation and with the intention of making his stay permanent. Some time ago the doctor's absence from the city gave rise to various rumors, but his return home last week quieted the talk, only to have it revived when the fact became known that he had settled his business affairs and given power of attorney to his son to dispose of other matters that could not be attended to immediately.

Careful inquiry develops the fact, which is not disputed, that the doctor's financial affairs are in splendid condition. His accounts are well kept and there was no occasion for flight because of money matters. Furthermore his domestic relations have not been strained, but from good authority it appears that his mind has become affected in a peculiar way, and that while perfectly rational and as intelligent as ever on every subject, he seems to hold a peculiar notion upon certain matters.

Whether the doctor left town unaccompanied can not be stated absolutely, but the supposition is that he did not go alone.

Inquiry from a member of the family was made on Friday and promise was made that a statement will be given to the press later.

It appears that if the doctor can be located a lunacy affidavit may be filed against him.

Dr. Hatch is one of Newark's best known men. He is held in high regard throughout the city where he has long been an honored resident and practitioner of medicine, and the mere statement that he has left town under peculiar circumstances is enough to cause a flurry.

The doctor's hundreds of warm personal friends and patients will hope that the cloud may pass and that he will be restored to his home and family soon.

BROKE RECORD OF ALL LINERS ON THIS TRIP

New York, Oct. 11.—The Lusitania ended her record-breaking trip by arriving off Sandy Hook lightship, the finish line of the course, shortly after 1:30 o'clock this morning. The time for the trip from Dant's rock, outside Queenstown, to Sandy Hook was four days, 20 hours, practically five hours under her time on her initial trip, which ended here Sept. 13. The Lusitania on this trip captured practically all trans-Atlantic records. Her best day's run, 619 knots, is nine knots better than the former record held by the Deutschland. Her average speed exceeds the former record of 23.58, held by the Kaiser Wilhelm II of the North German Lloyd line.

Pilot Nelson Leonard brought the Lusitania through Ambrose channel without a mishap. Among the passengers were Claude Brabazon and Griffith Brewer, two of the English aeronauts on their way to St. Louis to compete in the international balloon and airship races.

Prince Killed by Peasants.
Tidus, Oct. 11.—The body of Prince Tzereit, a cousin of Prince I. G. Tzereit, member of the late drama from Kutais, was found backed to pieces in the suburbs of Gori. The police have evidence that the crime was committed by peasants.

Mean success to the wearer, because the path to success is a well-dressed road. The fellow who looks right has a better chance to be found out right than the slovenly, careless man, who, however great his ability may be, discounts the opportunity of this recognition by his unattractive aspect. This is not a lecture on "short cuts to success"—it's a talk on clothes, on the right sort in fit, style and price, now on display at our store.
